KANE ORDERS A "DRY ZONE" FOR ARSENAL

Thirty-five of Frankford Saloons Must Close August 22

MEASURE IS TAKEN TO PROTECT WORKERS

U. S. Attorney Learns He Has Power and Takes Immediate Action

ONE-HALF MILE AREA

Letter notifying Proprietors Also Signed by Department of Justice Agent

Letter Closing Saloons Near Frankford Arsenal

"Dear Sir: We hereby give you notice that under the regulations issued by President Wilson on June 27, 1918, a dry zone is established extending for half a mile from the boundaries of the Frankford Arsenal.

"Under instructions from the Department of Justice we hereby give you notice that your saloon must be closed and business suspended at the end of ten days from the receipt of this notice.

"Francis Fisher Kane, U. S. District Attorney. "Todd Daniel, Acting Chief Agent, Department of Justice."

To protect hundreds of workers in the Frankford Arsenal, United States District Attorney Kane this afternoon created a dry zone in the arsenal district.

Thirty-five saloons within a radius of one-half mile of the arsenal were ordered to suspend business within ten days after the receipt of the official notification.

The official notices were sent out this afternoon, the saloons affected will close the night of August 22.

In letters addressed to each of the thirty-five liquor dealers within the dry zone Mr. Kane said:

"Dear Sir:—We hereby give you notice that under the regulations issued by President Wilson on June 27, 1918, a dry zone is established extending for half a mile from the boundaries of the reservation of the Frankford Arsenal.

"Under instructions of the Department of Justice we hereby give you notice that your saloon must be closed and business suspended at the end of ten days from the receipt of this notice."

The letter is signed by Mr. Kane and countersigned by Todd Daniels, acting agent of the bureau of investigation, Department of Justice.

Action No Surprise The creation of a dry zone around the arsenal does not come as any great surprise, for the Federal prosecutor made it plain several weeks ago that he would take such action when it was determined that he had the authority.

For a while there was some question concerning his authority, for it was held that the arsenal was not an army post and not amenable to the drastic rules and regulations that have been thrown around camps and posts.

"PEACE DRIVE" STARTED ANEW BY AUSTRIANS

Educators and Bishop Reported by Berlin to Have Launched Fresh "Feeler" By the Associated Press

Amsterdam, Aug. 12.—A new "peace offensive" has been started at Munich, according to the Tageblatt, of Berlin Professor F. L. Quide, of Vienna; Professor Heinrich Lammach, of Budapest, and Bishop Frankel, of the Roman Catholic Church in Hungary, are identified with the movement.

They have requested the general secretary of the Interparliamentary Union at Christiania to suggest to the interparliamentary groups of the belligerent countries that three representatives be appointed by a secret ballot from each belligerent for the purpose of exchanging views on peace proposals.

Professor Quide, Professor Lammach and Bishop Frankel have all been identified with peace movements during the last two years. The most recent endeavor by them to take steps preliminary to peace was by Professor Quide, who, in March, was reported to have made a peace offer in behalf of Germany for transmission to President Wilson.

LENINE AND TROTSKY FLEE FROM MOSCOW; RED RULE COLLAPSES

Bolshevik Leaders Are Fugitives on Kronstadt Island, Berlin Reports—May Seek a Refuge in Germany

SOVIETS OVERTHROWN IN RUSSIAN CITIES

Revolt Spreading Like Fire. Teuton Embassy to Remove to Pskov, Says Helfferich. Who Rushes to Safety

London, Aug. 12.—Premier Lenin and his chief assistant, Leon Trotsky, have fled to Kronstadt, the naval base near Petrograd, according to a dispatch sent out by the semi-official Wolff bureau of Berlin and printed in Zurich newspapers, says a Havas report from Paris.

Reports received Sunday that Bolshevik leaders, intended to flee to Germany, lend color to the German report that they already have gone to Kronstadt. The Bolshevik Government will shortly leave Moscow for Kronstadt, the Berlin Lokal Anzeiger, states today.

The Exchange Telegraph correspondent at Copenhagen telegraphs that, according to recent Russian newspapers, the anti-Bolshevik movement is growing rapidly, and that the Bolshevik Soviet Government has virtually fallen to pieces.

The Petrograd newspaper Isvestia is quoted by the correspondent as saying that at several points "in that part of Russia not occupied by the enemy" counter-revolutionary movements have broken out in a number of towns. The Bolshevik Soviets have been overthrown in these places and replaced by councils consisting of representatives of the Mensheviks, or moderates.

"YOU DON'T MEAN IT." FRANCIS TOLD REDS

By the Associated Press Vladivostok, Russia, Aug. 12.—The reason for American Ambassador Francis' refusal to comply with insistent demands of the Bolshevik Foreign Office that they move to Moscow, the Bolshevik said today, was that the diplomats to move because they believed Vladivostok soon would be the center of counter-revolutionary fighting.

GERMANY USING RADICALS IN U. S.

Welds I. W. W. Into Propaganda Machine, Arrests at Chicago Reveal

ENEMY SUPPLIES FUNDS Chicago, Aug. 12.—Positive evidence that the far-reaching German spy system has gathered to itself the anarchistic I. W. W. and other international radical organizations in America, and has welded them into one great anti-war propaganda machine, is declared to be in the hands of the Federal Government.

Disclosures that Federal agents, in conjunction with the Chicago police, have unearthed at least three different angles of anarchistic activity, each apparently having a close connection with German agents and believed to be largely financed by German funds, came with the announcement that the plant of an anarchist newspaper, at 818 South Frank street, had been raided and Frank and Nicholas Carnavals, brothers of the late Dan Wallace's group of conscientious objectors, arrested.

Detectives who conducted the raid and made the arrests are said to have seized a big supply of literature and important correspondence which sheds further light upon the personnel of the men who are guiding the alien enemy propaganda work, and indicates new lines of its ramifications.

Dozen Others Arrested It was learned that at least a dozen other persons who have been arrested, and whose records are being investigated by immigration agents with a view to deportation, are accused of being actively engaged in one or more of the German anarchistic propaganda branches, which include the Anarchist Red Cross, the Milwaukee Defense League and the International propaganda group of anarchists.

It was stated that besides the men and women who have been arrested and questioned by the Federal authorities, there are at least twenty-five other persons in Chicago who are now under the close surveillance of Government agents.

In a number of quiet raids that have been engineered by the police and Federal officers great quantities of literature—all of an anti-war and anarchistic character—have been seized. Correspondence between various radical leaders has fallen into the Government's hands, which is said to indicate to a certainty that there was a general campaign to create social unrest in America and foster opposition to the war.

No Lack of Funds The amount and character of the literature, as well as the activity of many radical agents who had to be paid, shows there was no lack of funds for any propaganda work that could be started.

No possible propaganda channel has been overlooked, it is asserted, and investigation has disclosed that the Workers' Institute at 1006 South Ashland avenue has been a fertile recruiting ground for workers in the various groups. The cleverness with which much of the seditious literature has been circulated and its authors hidden formed a big obstacle in the Government search for the real offenders.

40,000 CAPTIVES TAKEN Teutons Reported to Have Quit Important Position at Roye

By the United Press London, Aug. 12.—French troops, having captured Gury (southwest of Lassigny), are pushing eastward in an effort to turn the German positions on the heights to the southeast, it was learned this afternoon. The fighting there is going well.

Our lines are now within three kilometers (one and three-fourths miles) of the town, the French penetrating Thiescourt Wood (which extends northward to within a mile of Lassigny).

Heavy fighting is in progress all along the line, especially in the Chaules and Roye sectors. There the Germans are trying to guard the important roads and railways a little longer.

In the Bray sector American and British troops are striving to push eastward toward Peronne, along the north bank of the Somme. The artillery fighting is growing in intensity. The concentration of guns is one of the greatest of the war.

The battle is becoming more stabilized, particularly on the northern part of the front, where further progress depends largely on success to the southward. There is no indication, however, that the Germans intend to make their present lines permanent.

Crown Prince Rupprecht so far has thrown in eight divisions of reserves and only has about fifteen divisions (probably 180,000 men) left.

By the United Press With the French Armies in the Field, Aug. 12.—French troops, closing in upon the important base of Lassigny, have advanced to within two miles of that place. They have captured Gury (less than two miles to the southwest) and have advanced south of Loges Wood (two miles northwest).

French artillery is violently shelling both Roye and Noyon, rendering both towns virtually uninhabitable.

By the Associated Press With the British Army in France, Aug. 12.—There is an unconfirmed report this afternoon that the town of Roye, northeast of Montdidier, which the Germans have been defending so desperately, has been evacuated. Roye is an important military base.

British tanks have been seen operating a considerable distance east of that town.

By the Associated Press London, Aug. 12.—The British have captured the western edge of the town of Bray, on the Somme, advances from the front state.

American troops also are in the suburbs of Bray, fighting a continuous battle for the outskirts of the little French city.

Only slight changes in the line as a whole are reported in dispatches reaching London this afternoon, but a ding-dong battle is raging all up and down the northern section of the present battle line.

(Bray lies about five miles south of Albert and is the chief position along the Somme west of Peronne. American and British troops were reported approaching Bray last night.)

In the region between the Somme and the Somme, the fighting is going well.

The nature of the charges was not made known, nor was the identity of the official, who is said to have resigned his position only recently.

VERMONT GOVERNOR SEEKS PROBE OF ACCOUNTS

MONTPELIER, Vt., Aug. 12.—Governor Horace E. Graham today asked that an examination be made of the accounts for which he was responsible when he held the office of State Auditor. This followed charges that there were discrepancies in the books of the Auditor's office when Mr. Graham closed these duties to become Governor two years ago.

MISTRIAL DENIED IN 5TH WARD CASE

Judge Hause Turns Down Motion by Defense in Conspiracy Case HEARING IS RESUMED

By a Staff Correspondent West Chester, Pa., Aug. 12.—Judge Hause today refused a motion for a mistrial in the Fifth Ward conspiracy case.

Trial of the seven defendants was resumed this morning after a series of conferences between Judge Hause and the attorneys.

The resumption of the trial indicates that if a mistrial was declared because of the alleged attempt to tamper with one of the jurors sitting in the case it would not be until after all of the evidence is in.

Judge Hause summoned the jury sitting in the case into his private chamber immediately after court opened. No explanation of this unusual procedure was offered, but it is generally believed that Court wished to question the jurors in connection with the alleged attempt at bribery made by the defendant.

Just after court opened Judge Hause summoned Court Clerk Daniel Ford to the bar. They held a whispered consultation and then the Judge asked the jury to follow him into Judge Hause's private chamber. District Attorney Rotan, of Philadelphia; District Attorney Wade, of Chester County, and William A. Gray, counsel for the defendants, joined the Judge and jury behind closed doors.

The jury was closeted less than two minutes. Judge Hause and the attorneys remained in conference several minutes longer.

First Instance in Counting It is said Judge Hause's action in summoning the jury to his private chamber is the first instance of the kind in the history of Chester County.

Several side-bar conferences followed after Judge Hause returned to the bench. William A. Gray, counsel for the defendants, made a motion for the withdrawal of a juror because the alleged attempt at bribery. Judge Hause overruled the motion. Gray then filed objections against the report of the trial clerk yesterday and today by a Philadelphia newspaper.

Commonwealth attorneys took the view that the court by its decision placed responsibility on the defense for the alleged attempt at bribery. It is said Judge Hause's action in summoning the jury to his private chamber is the first instance of the kind in the history of Chester County.
